

STEP DRILL BIT STEEL + IMPACT SPIRAL TIALN

- The 1/4" hexagonal shank with shock absorption offers greater durability reducing the risk of breakage and quick tool change.
- 3 times longer service life thanks to TiAlN coating.
- 3 times faster thanks to the spiral groove.
- Laser engraving for a precise stop on size identification.
- From 4 to 30 mm in diameter, step every 2 mm.

STAINLESS STEEL, STEEL, CAST IRON, ALUMINIUM
